

# SEAL

F570

## Characteristics

- To join PVC pipe - Gravity feed system
- Compatible with stormwater or wastewater
- Tank, cisterns and all type of thin-wall products

## Function

After cutting a hole in the wall of a tank or other surface, the seal is inserted. Then the PVC pipe is coated with a slippery detergent and pushed into the seal.

## Range

Reference	Coupling reference according to Ø ext. pipe	Thin-wall boring Ø	Mini. Wall thickness (mm)	Maxi. wall thickness (mm)
6080550	Seal for pipe Ø110	Ø117,5	3	10
6080554	Seal for pipe Ø160	Ø167,5	5	10
6080558	Seal for pipe Ø200	Ø207,5	5	10
6080559	Seal for pipe Ø250	Ø261,8	5	10
6080560	Seal for pipe Ø315	Ø326,8	5	10
